Water
Tanks

Auzzie Wrinkly Tin Tanks is a reputable Geelong based business with over a decade of experience in the tank building industry.

Whether you require water storage for drinking, fire protection, gardening or agricultural you can be sure that Auzzie Wrinkly Tin Tanks will provide you with a safe and reliable way of ensuring your water supply.

Our corrugated iron water tanks are built to last using only the highest of quality materials including BlueScope Aquaplate lined Colorbond and Galvanised Steel which is backed by a 20 year warranty from BlueScope Steel.

You will have no difficulty blending your water tank in with your home or landscaping with 8 Colorbond Colours or Galvanised Steel to choose from.

With litre Capacity ranging from 400 Litres to 25,000 Litres, Auzzie Wrinkly Tin Tanks manufactures water tanks of all shapes and sizes.

Our large variety of tanks ensures we can give you a custom solution to your water storage needs.

If space is an issue, our Slimline water tanks may be the resolution you're looking for.

Slimline water tanks are designed to be tucked away down the side of your house, behind garden sheds, along unused fence lines or even under a deck or veranda.

All of our water tanks come standard with an Overflow, Strainer and Outlet.
